Professional DA Polisher

MT300

Wide 3000 – 7500 OPM speed range for maximum control

8mm throw optimized for compounding, polishing and waxing on both large surfaces & in tighter contours

Digital Torque Management ensures proper torque to maintain pad speed under load

Tool Product Code: MT300
What began over a century ago as a simple furniture polish laboratory in the garage of founder Frank Meguiar Jr., has spanned four generations of the Meguiar family. In his wildest dreams, it’s doubtful that Frank Meguiar, Jr., could have foreseen what his first bottle of furniture polish in 1901 would evolve into over the next 100+ years.

Meguiar’s®, Inc. has become the global leader in appearance care and is proud to offer our next generation of products, tools and accessories to serious car enthusiasts. We strive to set an entirely new standard for quality and performance in the industry. From his first bottle of furniture polish, Frank Meguiar, Jr. built his business on excellent products and an understanding of his consumer’s needs. Today, Meguiar’s enduring and strong relationship with serious car enthusiasts worldwide has created a level of trust and respect for the brand that transcends our products and embodies the lifestyle of the car hobby. To this day, Meguiar’s is committed to delivering products and building relationships that excite and unite car enthusiasts and professionals worldwide.

1 WASH
Wash your car using water and a specially formulated car wash and conditioner. Dishwashing soaps & detergents strip your car’s wax and can dry your paint out leading to a loss of gloss and shine. All Meguiar’s washes are also environmentally safe.

2 CLEAN/PREP
Check for & remove above surface contaminants like tree sap mist with Smooth Surface™ Clay Kit before checking for below-surface defects. The most effective way to remove below surface paint problems like oxidation, fine scratches and swirls is to use a non-abrasive, clear-coat safe paint cleaner like Meguiar’s® Ultimate Compound.

3 POLISH (optional)
Polishing is recommended as an optional step, especially for dark-colored cars, prior to waxing to help create the ultimate in high gloss.

4 WAX/PROTECT
To protect and add a brilliant shine to your paint’s surface, use only premium car wax products like Meguiar’s® Ultimate Wax.

5 MAINTAIN
Regular maintenance removes above surface contaminants like bird droppings or tree sap before they have time to bond or etch into your paint finish. Meguiar’s® Quik Detailer® or Ultimate Quik Detailer® dramatically extends the durability of your wax protection & safely removes dust and grime between washes.
Over the years, we receive car care questions that come up time and time again, so we thought we’d share them with you, since you are probably wondering the same things, too...

**WHAT’S YOUR BEST WAX?**
What’s best for you may be different from the next car guy. What’s most important to you?

- **Speed?** Ultimate Quik Wax® spray is the hot ticket for a fast coat of wax
- **Long-lasting water beading in a hi-tech synthetic?** Meguiar’s® Ultimate Wax is “best”
- **Do you prefer a natural carnauba wax?** You’ll love our Gold Class™ Carnauba Plus wax with premium carnauba.
- **Cost/value/time-saving?** Then it’s the tried-&-true, all in one action of our classic Cleaner Wax

**WHAT’S THE BEST PRODUCT TO USE ON MY NEW CAR?**
All of Meguiar’s products are safe to use on your new car, but brand new cars are unique in that the paint should be in excellent condition. If you adopt just a few routine maintenance procedures, you can keep your car looking showroom new for a long, long time. As Barry Meguiar often says, “Frequent car care is EASY car care!”

Follow the 5 steps to paint care, using products designed for automotive care.

- **Wash your car weekly, using a quality microfiber wash mitt and premium car wash/shampoo**
- **Apply a high quality automotive wax 3-4 times a year**
- **Maintain your car in-between washes by using a mist and wipe Quik Detailer® to remove dust & contaminants**
- **Clay your car as needed**
- **Protect your interior and exterior trim and tires with quality protectant and tire dressing.**

**ARE YOUR PRODUCTS “CLEAR COAT SAFE”?**
All of Meguiar’s products have been formulated to work safely on clear coats. Meguiar’s has a long-standing history and relationships with vehicle and paint manufacturers, ensuring our products are compatible with the latest technological advancements in vehicle surface coatings (or “paint”).

**HOW DO I GET RID OF SWIRL MARKS AND SCRATCHES?**
It depends on the severity and extent of the blemish. First, if you can catch your fingernail in the scratch, you will need professional help to correct it as it’s very deep. Otherwise, we recommend the following (Note that ALL of these products are clear coat safe):

- **For very light scratches and swirls (those fine circular lines that ring a light source reflected in your paint), Ultimate Polish is the answer and may be applied by hand, orbital buffer or dual action polisher (DA polisher). For hand application only, Meguiar’s® Clear Coat Safe Polishing Compound can also be used.**

- **For heavier scratches, oxidation, or just generally neglected paint, Ultimate Compound is the perfect choice. It too can be safely applied by hand, orbital buffer or with a DA polisher. For hand application only, Meguiar’s® Clear Coat Safe Rubbing Compound can also be used.**

- **If you have an isolated scratch, fingernail mark or light scuff, ScratchX™ 2.0 will safely provide the muscle to remove it.**

**WHAT’S A “DUAL ACTION” (OR DA) POLISHER, AND WHY SHOULD I USE ONE? AREN’T THEY ONLY FOR “THE PRO’S”?!**
While most professional detailers use a DA polisher, they are definitely not restricted to “Pro” use only. Overall, the DA polisher will produce better results, faster. Meguiar’s® DA Power System & MT300 DA Polisher have
been designed, along with our pads for both do it yourself & professional use. These fantastic machines make paint correction (with either Ultimate Polish or Ultimate Compound) a breeze, and you can also apply a coat of your favorite wax in virtually no time. But the best thing about a Meguiar’s® DA Polisher is that it is completely safe to use and will not damage or “burn through” your paint or leave swirl marks like a rotary can (if not used correctly). For those reasons, a rotary polisher should only be used by someone qualified & properly trained.

**HOW DO I REMOVE WATER SPOTS?**
The obvious answer is to prevent getting water spots in the first place by keeping your vehicle waxed and maintained, as well as washing and drying the vehicle in the shade and when the surface is cool. For those times where you do get that nasty, water spot surprise, we recommend Ultimate Compound, after you’ve washed your car (of course!)

**HOW LONG DOES YOUR WAX LAST?**
There is no standard answer regarding this as there are many variables that affect wax durability: Type & condition of paint, local environment, exposure duration, quality & type of wax & its application, quality of car wash, your personal tastes, preferences and expectations to name a few. Generally speaking, however, we recommend waxing your car every 3 -4 months or when your finger “squeaks” on a freshly washed surface.

**WHICH IS BETTER: SPRAY, LIQUID OR PASTE WAX?**
It depends on your goal or expectation. Our Ultimate Quik Wax® spray wax, for example, delivers amazing results and you can wax your car in less than 15 minutes. However, spray waxes will need to be applied more frequently than paste & liquid waxes – every 3-4 weeks. Between paste and liquid waxes, it’s really a matter of preference as both deliver long-lasting protection, gloss and shine.

**HOW LONG DO I WAIT BEFORE REMOVING THE WAX AFTER IT’S APPLIED?**
Always refer to the product label, because some waxes, like Ultimate, are different than traditional wax. Drying time for wax is dependent on temperature and humidity, so there’s no set time. We employ a simple “swipe” test to determine if the wax is ready to remove. Simply swipe the tip of your finger (no, NOT the fingernail side!) over the waxed panel. If the swiped area is clean and clear with no smudging, the wax is ready to be removed. If you see smearing or streaking, wait a few more minutes and then try swiping again.

1-800-347-5700
For free, expert car care advice
In automotive paint care, washing and cleaning are not the same. While they sound similar, they are vastly different procedures. Washing removes loose contaminants from your finish like dust, road grime, and fresh bird droppings. We’ll cover cleaning in Step 2.

A common misconception is that dish washing detergent is safe to use as car wash. Absolutely not! Detergents are formulated to strip everything off of the surface, leaving it squeaky clean.

A squeaky paint finish tells you that it has no protection. With repeated use, dish washing detergents remove everything from your paint finish including waxes, silicones and polymers. Once this is accomplished, they then proceed to remove the life giving oils in your paint finish, actually accelerating the oxidation process.

All of Meguiar’s car wash products are pH balanced and specifically formulated to enhance the appearance and protection of automotive paint finishes.
ULTIMATE WATERLESS WASH & WAX
No water? NO PROBLEM! Safely wash & wax your car anywhere, WITHOUT WATER!
More than a detailer, our water spot-free formula removes grime without scratching!
26oz Product code: G3626

ULTIMATE WASH & WAX
Meguiar’s legendary wax protection... while you wash!
Clear coat safe carnauba & synthetic polymer technology in our most premium, conventional wash
48oz Product code: G17748

GOLD CLASS™ WASH SHAMPOO & CONDITIONER
Meguiar’s premium formula that washes and conditions your paint.
Gently foams away dirt & grime
64oz Product code: G7164

DEEP CRYSTAL® CAR WASH
Meguiar’s most popular wash!
Special sudsing ingredients safely remove dirt & grime
Will not strip wax protection like dishwashing detergents
64oz Product code: G10464
MICROFIBER WASH MITT
Meguiar’s extra thick Microfiber Wash Mitt is the ultimate choice for show car perfect finishes. The clear coat safe microfiber lifts and traps dirt and grime for a brilliant, swirl-free finish. The comfort-fit cuff and soft inner lining make this wash mitt a pleasure to use.
Product code: X3002

WATER MAGNET® DRYING TOWEL
Meguiar’s ultra plush Water Magnet® reduces drying time with less wring-outs by absorbing up to two times the water of traditional terry towels. The extra large 22” x 30” waffle texture wrings out easily and leaves a spot-free finish.
Product code: X2000
Step 2 CLEAN / PREP

Cleaning, or Surface Preparation, removes stubborn, bonded above surface contaminants, as well as below-surface defects, like stains, blemishes and oxidation. After your car is washed, pass your fingertips over the surface. Do you feel roughness like micro speed bumps on your paint? If so, these are above-surface, bonded contaminants.

Generally, you’ll notice this contamination on your car’s horizontal surfaces, but you may also see small, dark spots/specks on the rear and lower surfaces of a light colored car. Over time, these contaminants will dull your paint and rob your car of its shine.

Fortunately, Meguiar’s® Smooth Surface™ Clay Kit includes everything that you need to safely, and easily, remove bonded contaminants. And no, clay bars are NOT only for professional use. If you have ever played with Silly Putty, you can use clay.
SMOOTH SURFACE™ CLAY KIT

Everything you need to create a smooth-as-glass surface
Makes waxing easier & longer lasting
Contains two 80g clay bars, 16oz. Quik Detailer® & Supreme Shine® Microfiber Towel
Kit Product code: G1016

QUIK DETAILER®

Meguiar’s® Quik Detailer® is necessary to lubricate the surface whenever you clay your vehicle and can be used by itself to maintain your vehicle’s appearance
Removes harmful contaminants before they damage your paint finish
16oz Product code: A3316
32oz Product code: A3332

ABOVE SURFACE CONTAMINANTS

Above-surface contaminants such as industrial fallout and tree sap can be detected by running your finger tips over the paint finish after washing and drying. Any “grittiness” felt can be removed using Meguiar’s® Smooth Surface™ clay.
ULTIMATE COMPOUND

Clear coat safe formula quickly & easily restores color & clarity to abused & neglected finishes

Cuts fast, but will not scratch

Use by hand or with Dual Action (DA) Polisher

16oz Product code: G17216
BELOW SURFACE DEFECTS

After removing bonded contaminants that you can feel, examine the finish from different angles and light sources to detect below-surface defects like oxidation (dullness), stains/blemishes and fine scratches.

Small below-surface imperfections such as oxidation, stains, small marks and scratches can be safely removed using Meguiar’s® ScratchX™ 2.0 or Ultimate Compound, giving a flawless finish prior to polishing and waxing.

CLEAR COAT SAFE RUBBING COMPOUND

Restore gloss & clarity to neglected, oxidized paint without scratching
Produces a clean surface without scratching like traditional tub products
16oz Product code: G18016

SCRATCHX™ 2.0

The safe solution for removing isolated paint blemishes!
Clear Coat safe!
Quickly removes fine scratches, fingernail marks, paint transfer & parking lot scuffs
7oz Product code: G10307
Polishing is an optional step, and is different from waxing. While some modern-day marketers have caused confusion by naively misusing the terms, the definitions are clear. As in polishing a diamond, the sole purpose of polishing is to create brilliant high gloss. For car show enthusiasts who are obsessed with having perfectly clear reflections, Meguiar’s® Ultimate Polish is the perfect choice. Others may be looking to remove the last hints of swirl marks while maximizing the gloss. In this case, a Cleaner/Polish like Meguiar’s® Clear Coat Safe Polishing Compound is a good solution.

Waxing falls under the larger heading of protecting the paint finish, which we’ll discuss in Step 4.
ULTIMATE POLISH
The final step before waxing for maximum gloss & reflectivity.
Rich polishing oils add a deep, rich wet look to paint
Eliminates fine swirls, perfecting the paint prior to waxing
16oz Product code: G19216

CLEAR COAT SAFE POLISHING COMPOUND
A cleaner/polish that restores clarity for a brilliant show car shine.
For hand application to restore brilliance to dull surfaces
Removes light scratches & hazing
16oz Product code: G18116
Waxing protects the paint finish from the elements by coating it with waxes, polymers, resins and silicones. In addition to protecting, wax can also “lock-in” the gloss to create brilliance, deepen/enrich dark colors and offer other benefits, such as water beading and light swirl removal depending on the formulation.

All of Meguiar’s waxes are clear coat safe, with choices available in paste, liquid or spray depending on your needs and preferences. Note that every car and car owner is different, as are the environments in which they live and how they are cared for. All of these variables affect how long a wax lasts. Generally speaking, we recommend waxing your car 3-4 times per year, but more frequent waxing is OK!
ULTIMATE WAX
Our longest lasting protection with amplified reflectivity
Our most advanced, pure synthetic hydrophobic wax
16oz Liquid Product code: G18216
11oz Paste Product code: G18211

ULTIMATE QUIK WAX
Wax your car in just 15 minutes, with protection that lasts weeks!
Revolutionary, synthetic, non-whitening formula produces amazing results in just minutes, even in sun
Spray on, wipe off, and then marvel at the shine!
15.2oz Product code: G17516

GOLD CLASS™ CARNAUBA PLUS PREMIUM WAX
Premium carnauba wax that’s polymer fortified
Improved formula leaves deeper reflections and a brilliant shine
16oz Liquid Product code: G7016
11oz Paste Product code: G7014J

GOLD CLASS™ PREMIUM QUIK WAX®
Sun-safe formula makes black cars blacker & adds gloss to all colors
Premium carnauba/polymer blend for a dark, wet-look shine
16oz Product code: G7716

The perfect wax for white cars!
Specially formulated for light to white colors
7oz Product code: G6107

BLACK WAX
The perfect wax for Black cars!
Specially formulated for dark to black colors
7oz Product code: G6207

CLEANER WAX
Meguiar’s versatile, 1-step wax
Cleans your paint while you wax
Rich conditioning oils polish & protect
16oz Liquid Product code: A1216
11oz Paste Product code: A1214

QUIK WAX®
Shine As You Dry for amazing gloss and darkness, even in full sun!
New formula won’t whiten on trim & can be applied in full sun
Use on either wet or dry surfaces
24oz Product code: A1624
Once a car is waxed, the best ongoing protection for your car’s finish is regular attention, or maintaining the finish. Regardless of whether your car is parked or being driven, it’s in a hostile environment.

Everything that flies, from a gnat to a 747, expels contaminants that are determined to bond to and then etch into your car’s finish. Add to this acid rain, industrial fallout and those unavoidable UV rays (the No. 1 cause of paint degradation), and you can see how your car is constantly under attack. The more your car is exposed to the elements, and the harsher the environment is where you live, the more attention your paint finish will require.

Fortunately, Meguiar’s has made it easy for you with our mist and wipe detailers. Meguiar’s® Quik Detailer® and Ultimate Quik Detailer® allow you to safely and easily remove contaminants before they have time to bond to your paint finish. These products form the missing link between washing and waxing, allowing you to greatly extend the protective qualities of your car wax.
ULTIMATE QUIK DETAILER®

Our most sophisticated & technologically advanced detailer
Safely removes dust and surface contaminants in-between washing
Hydrophobic Polymer Technology darkens the finish, adding protection and water beading
22oz Product code: G14422

GOLD CLASS™ PREMIUM QUIK DETAILER®

Keep black cars blacker & maintain a deep, rich, high gloss shine on all colors!
Quickly adds darkness & gloss for a super slick finish
24oz Product code: G7624

QUIK DETAILER®

Meguiar's® Quik Detailer® maintains your vehicle's appearance & is necessary to lubricate the surface whenever you clay your vehicle
Removes harmful contaminants before they damage your paint finish
16oz Product code: A3316
32oz Product code: A3332
After the vehicle itself and the exterior paint color, arguably the most important and defining features of a car is its wheel & tire package. What used to be limited to paint, chrome and aluminum has expanded into a variety of finishes from custom wheel manufacturers who are constantly driving advances in design and materials. Similarly, car makers have also added a diverse offering of wheels. Whether your ride’s equipped with custom 3-piece forged rims, factory clear-coated silver alloys, or a trick set of chrome plated wires, Meguiar's® has developed the correct cleaners, polishes & Hot Rims™ Wheel Polisher polishing tool to make your wheels look their best.

But clean wheels with dull, dingy tires is just wrong, so Meguiar's® also offers Hot Shine™ & Endurance® tire dressings to make your tires look their best. And in addition to improving your tire’s appearance, Meguiar’s® tire dressings also protect your tires, helping to prevent browning & premature aging of the rubber.
HOT RIMS™
WHEEL & TIRE CLEANER

New formula now cleans wheels & tires, foaming away dirt & grime!

Moderately aggressive cleaners for use on all factory coated or painted wheels

24oz Product code: G9524
HOT RIMS™ ALUMINUM WHEEL CLEANER
Safely cleans uncoated, polished or anodized aluminum/alloy wheels. Xtreme Cling™ foam grabs the wheel’s surface, dissolving dirt, grime & brake dust.
24oz Product code: G14324

HOT RIMS™ CHROME WHEEL CLEANER
Hot Rims™ Chrome Wheel Cleaner removes grime, grit and brake dust from chrome.
Our Xtreme Cling™ foam leaves a brilliant “mirror-like” shine!
24oz Product code: G19124
ENDURANCE® TIRE GEL
The Original! Endurance Tire Gel has long been the enthusiast’s choice.
Long-lasting shine remains for weeks, even through rain!
Controlled application with no overspray, runs or drips
16oz Product code: G7516

Dries quickly without leaving behind a sticky residue
Dual purpose sprayer is perfect for general cleaning or spot and stain removal
19oz Product code: G9719
Detailing your vehicle always comes down to the finer details. Now that you’ve restored and protected your paint, what do you do with all the non-painted surfaces like vinyl, cladding, headlights and glass? Well, Meguiar’s has you covered!

Meguiar’s® Ultimate Black will bring back to life any faded and tired looking rubber, plastic or vinyl trim. This special formula will also last through rain storms and multiple washing, without leaving those ugly black streaks that run down the side of your car like other trim restoring products.

And have you noticed all those yellowed and hazy headlights on the road? Plastic Headlights take a lot of abuse, whether it’s damaging UV rays, fine scratches or road grime, they also need attention. Meguiar’s full line of headlight restoration products can restore even the most severely oxidized headlights; or prevent your new cars lenses from ever fading in the first place.
ULTIMATE BLACK SPONGES
Brings new life to all exterior plastic, vinyl & trim
Convenient ready-to-use sponges takes out the guess work
Make trim & plastic look like new
2-pack Product code: G15800

WATER MAGNET® DRYING TOWEL
Meguiar’s ultra plush Water Magnet® reduces drying time with less wring-outs by absorbing up to two times the water of traditional terry towels. The extra large 22” x 30” waffle texture wrings out easily and leaves a spot-free finish
Product code: X2000

SUPREME SHINE™ MICROFIBER TOWELS
Meguiar’s® Supreme Shine® is an incredibly plush microfiber towel for producing swirl free, mirror-like results. The thick, deep, dual-sided microfiber pile absorbs three times more than traditional terry towels providing faster wipe off with less efforts
3 Pack Product code: X2020

MICROFIBER WASH MITT
Meguiar’s® extra thick Microfiber Wash Mitt is the ultimate choice for show car perfect finishes. The clear coat safe microfiber lifts and traps dirt and grime for a brilliant, swirl-free finish. The comfort-fit cuff and soft inner lining make this wash mitt a pleasure to use
Single Product code: X3002

EVEN COAT MICROFIBER PAD
Ultra plush microfiber
Great for applying compounds, polishes & waxes by hand
2-pack Product code: X3080

SOFT FOAM APPLICATOR PAD
Ensures smooth, swirl free application
Tight cell, ultra soft foam for applying waxes, protectants & tire dressings
2-pack Product code: X3070
Meguiar’s offers a comprehensive, high quality line of products designed just for Boats, RV’s and Motorcycles. These products will give the same brilliant shine and long lasting protection that many enthusiasts have come to expect from Meguiar’s line of car care products but are formulated for the special requirements of fiberglass and gelcoats and Motorcycle finishes.
MEGUIAR’S®
MOTORCYCLE PRODUCT LINE

Utilizing proven technology formulated specifically for motorcycles, Meguiar’s is proud to offer an assortment of fantastic surface care products that cover the major steps in the motorcycle detailing process to include Motorcycle EZ Clean Spray Wash, Liquid Wax, Mist-and-Wipe Detailer, Leather Cleaner/Conditioner, and All Metal polish. Whether you ride a sport bike or a cruiser, these products provide exceptional performance backed by Meguiar’s industry-leading surface care technology and performance guarantee.
MEGUIAR’S® MARINE PRODUCT LINE

Meguiar’s offers a comprehensive, high quality line of products designed just for Boats and RV’s. These products will give the same brilliant shine and long lasting protection that many enthusiasts have come to expect from Meguiar’s line of car care products but are formulated for the special requirements of fiberglass and gelcoats.
There are over 30 million people in the USA who are considered “car crazy”. Cars are an exciting part of their life and that’s why we wanted to be the first to create multi-media communication platforms that excite and unite Car Guys worldwide. In addition to sponsoring over 9,000 car hobby events a year in America and thousands more overseas, we have a state-of-the-art, global web site called carcrazycentral.com, with hundreds of hours of video content.

Additionally, there’s Car Crazy TV on the VELOCITY Channel, Car Crazy radio that airs every weekend in over 90 markets and the car hobby’s most important awards event... the Meguiar’s Award which honors the Person of the Year for the Car Hobby in the United States and other countries globally.
